

STEEL FIRE EQUIPMENT manufactures ULC listed (ULC File #EX5581) dry chemical at our facility located in Mississauga (Greater Toronto Area), Canada. Our powders meet the stringent requirements of CAN/ULC S 514 M88 Powder Specifications. We manufacture ABC, BC and Purple K. Standard packaging are resealable, moisture proof pails. Dry chemical is also available in bulk sacks.

STEEL FIRE Model 750 & Model SUPER90 ABC Dry Chemical Agent

Our ULC Classified ABC dry chemical is a multipurpose extinguishing agent which means that it is effective on Class A, B and C fires. This chemical is siliconized Mono-Ammonium Phosphate ("MAP") based and available in two formulas, 56% MAP and High Performance 90% MAP. ABC is available in 45lb pails and 2,000 lb bulk sacks.

Item#	Description	Ship Weight lbs
ABCP	ULC Classified ABC Dry Chemical, 45lb pail, 56% MAP	47.50
SUPER90	ULC Classified ABC Dry Chemical, 45lb pail, 90% MAP	47.50
ABC-BULK	ULC Classified ABC Dry Chemical, 2,000lb bulk sack, 56% MAP	2,030.00
SUPER90-BULK	ULC Classified ABC Dry Chemical, 2,000lb bulk sack, 90% MAP	2,030.00

STEEL FIRE Model 754 BC "REGULAR" Dry Chemical Agent

Our ULC Classified BC dry chemical is a siliconized Sodium Bicarbonate based extinguishing agent which means that it is effective on Class B and C fires. BC dry chemical is available in 50lb pails and 1,200 lb bulk sacks.

Item#	Description	Ship Weight lbs
BCP	ULC Classified BC Dry Chemical, 50lb pail	52.50
BC-SS	ULC Classified BC Dry Chemical, 1200lb bulk sack	1,230.00

(F) 905-564-0008

STEEL FIRE Model 752 PK “PURPLE K” Dry Chemical Agent

Our ULC Classified PK dry chemical is a siliconized Potassium Bicarbonate based extinguishing agent. It is our most effective extinguishing agent for Class B and C fires. PK dry chemical is available in 50lb pails and 1,200 lb bulk sacks.

Item#	Description	Ship Weight lbs
PKP	ULC Classified PK Dry Chemical, 50lb pail	52.50
PK-SS	ULC Classified PK Dry Chemical, 1200lb bulk sack	1,230.00

ULC listed for the following manufacturers:

Amerex, Diamond, Ansul, Flag, Badger, General, Buckeye, Pyrene-Chubb, Strike First. For information on specific model numbers refer to ULC listing information attached.

Multipurpose dry chemical extinguishing agent, Model No. 750 (monoammonium phosphate/ammonium sulphate base), and Model Super 90 (ammonium phosphate base) for the recharging of the following ULC labelled extinguishers.
